

Learning Bootcamp 2020 NSU ACM-W SC

Project Name: A Website for Wedding Invitation

4th December 2020

OVERVIEW

It is a simple website for Wedding invitations. It is just the front end of the website. It shows the mane of the bride and groom, wedding location,venue and time.

GOAL

To make the website beautiful,

SPECIFICATIONS

This website has only one page. Photos of the bride and groom are included there. I also added the picture of the venue. The date,time and location is also mentioned on the page.

PURPOSE

More and more couples are choosing to go “paperless” when it comes to wedding invitations. According to a recent Joy survey, 30.4% of participants are only using electronic invitations. Meanwhile, 40.7% are using both paper and electronic invitations. That’s more than 70% of participants using online invitations in some way for their wedding. Digital technology makes it easier for couples to plan the wedding of their dreams while addressing issues that modern couples often face.
